Importance: High

Good afternoon Stuart, the following text is required on the landing page of the web portal.

This text has been provided by CEN CENELEC and will be used by all NSBs.

Portal for national adoptions of specific harmonized European standards for European public access

Through this portal you will find national adoptions of specific harmonized European standards made available for European public access (read only).

Standards are protected by copyright

CEN and CENELEC Standards documents, their national adoptions and other technical deliverables and publications are covered and protected by copyright. This also applies to harmonized European standards.

Access to national adoptions of harmonized European standards is granted without prejudice to any existing rules on copyright which limit a third party's right to reproduce or exploit the standards.

Read more about copyright from CEN and CENELEC

[REDACTED]

What is a harmonized European standard?

A harmonized European standard is a European standard developed by a recognized European Standards Organization and is created following a request from the European Commission for the implementation of the

[REDACTED]

I will be sending the Terms of Use text in a separate email.

Please let me know if you have any questions or need any additional information.

Regards,
Eoin
