

Case No. 5,052.

THE FRANK A. HALL.

District Court, D. South Carolina.

SALVAGE SERVICE—WHAT CONSTITUTES.

[Cited in Cohen's Adm. Law, 72, as having held "that if a vessel, though disabled, is manageable, and receives assistance, not with the purpose of being saved from loss, but for expedition, the fact of being disabled will not of itself make the service salvage."]

[Before MAGRATH, District Judge. No where reported; opinion not now accessible.]
