DECLARATION OF STEVE COMSTOCK

I, Steve Comstock, declare as follows:

1. I am currently employed by the American Society of Heating, Refrigerating, and Air Conditioning Engineers (“ASHRAE”) as its Director of Publications and Education. I have been employed by ASHRAE since 1974. Based on the information known to me as a result of the duties and responsibilities of my position, I have personal knowledge of the facts set forth herein and could and would testify competently thereto if called as a witness.

2. As part of my job responsibilities, questions regarding access to ASHRAE standards are ultimately directed to me, including questions regarding access to ASHRAE standards by individuals with disabilities.

3. ASHRAE is a non-profit organization that operates with the mission of advancing the arts and sciences of heating, ventilating, air conditioning and refrigerating to serve humanity and promote a sustainable world. With that in mind, I have made every effort to make accommodations for anyone with a disability who wishes to access ASHRAE standards. These situations have not arisen often.

4. In my 31 years serving as the Director of Publications for ASHRAE, I recall only two specific examples where individuals requested that ASHRAE make alternate forms of access to ASHRAE publications available due to a disability, and in both instances ASHRAE made the appropriate accommodation. In 2013, ASHRAE sent a digital copy of an ASHRAE published textbook on HVAC systems to a visually impaired student from the Northern Alberta Institute of Technology so that the student could employ screen reader software to access the material audibly. Similarly, a hearing impaired individual alerted ASHRAE that he wished to attend a training class related to HVAC design, and ASHRAE provided sign-language interpretation.

5. ASHRAE has also undertaken additional efforts to ensure that disabilities do not unnecessarily limit access to our standards or other services that ASHRAE provides. Last year, ASHRAE removed encryption from the digital copies of standards sold on the ASHRAE bookstore so that the standards would be more compatible with reading software used by visually impaired individuals. ASHRAE's partner in running the ASHRAE bookstore, a company called Techstreet, has made assurances to ASHRAE that it would also help accommodate individuals with disabilities. And, ASHRAE has formally adopted a policy allowing for alternate testing accommodations related to certification programs run by ASHRAE; a request form for test takers which to receive such accommodations can be found on the ASHRAE website at <https://www.ashrae.org/education--certification/certification/faqs#3>.

6. ASHRAE has consistently provided accommodation to individuals with disabilities in the past and intends to continue to do so in the future.

7. I am attaching to this declaration as Exhibit 1 a true and correct copy of ASHRAE Standard 90.1-2004, which I understand to be one of the ASHRAE standards at issue in this case. In my role as Director of Publications, I am familiar with ASHRAE's standards, including 90.1. I have reviewed this document and it is an accurate copy of Standard 90.1-2004.

I declare under penalty of perjury under the laws of the United States that the foregoing is true and correct.

Executed this 21st day of January, 2016 at Orlando, Florida.
