

i do also

"requests that we amend our regulations to define "reasonably available" and to include several requirements related to the statutory obligation that material incorporated by reference (IBR) be reasonably available."

1. Does "reasonably available" Show citation box

a. Mean that the material should be available: Show citation box

i. For free and Show citation box

ii. To anyone online?

**yes yes and yes**

pdf files on the Federal Register site

in this day and age, when i can watch MOVIES on my phone  
this is trivial

if someone wants a printed copy, they can call and order it for a small duplication fee

thanks
