COMMODITY CREDIT CORPORATION
7 CFR Part 1421

Peanuts; Subpart—1978 and Subsequent Crops Peanut Farm-Stored Loan and Purchase Program Regulations

AGENCY: Commodity Credit Corporation, USDA.

ACTION: Final rule.

SUMMARY: The purpose of this rule is to set forth the terms and conditions under which producers may obtain and settle farm storage loans and purchases for 1978 and subsequent crops of peanuts. Quota peanuts will be eligible for both farm-stored loans and purchases. Additional peanuts will be eligible only for farm stored loans. CCC will pay the cost of inspection at time of delivery. Producers will not be paid storage and

handling charges. This rule is necessary in order to implement the 1978 and subsequent crops farm-stored peanut price support program.

EFFECTIVE DATE: April 2, 1979.

ADDRESSES: U.S. Department of Agriculture, ASCS, Price Support and Loan Division, P.O. Box 2415, Washington, D.C. 20013.

FOR FURTHER INFORMATION CONTACT: Dalton J. Ustynik, ASCS, (202) 447-6611.

SUPPLEMENTARY INFORMATION: On April 27, 1978, the Department published a proposed rule (43 FR 17964) regarding the 1978 and subsequent crops farm-stored loan and purchase program and invited comment on such rule. Thirteen respondents recommended a farm-stored loan program for additional peanuts. Purchases of additional peanuts are not permitted since legislation provides that additional peanuts may only be disposed of through contracts with handlers, entered into by June 14, or placed under CCC loan and not redeemed. After considering all comments, it was determined to make additional peanuts eligible for farm stored loans. This action will give producers an additional marketing tool for such peanuts and will permit producers to maintain control over their additional farm stored peanuts.

Final Rule

The regulations published in 7 CFR, §§ 1421.280-1421.289 and the title of the subpart are revised to read as follows for the 1978 and subsequent crops. The material previously appearing in these sections remains in full force and effect as to the crop years to which it was applicable.
