RE: Docket No. USCG 1998-37861-51  
 46 CFR 197

DATE: September 24, 1998

DEPT. OF TRANSPORTATION  
 DOCKET SECTION  
 98 SEP 28 AM 9:43

As a member of the Association of Diving Contractors, we **urpee** the Coast Guard to consider implementing the **ADC** proposed changes to 46 CFR 197. The **ADC** consensus standard is the most up-to-date, widely accepted diving standard in use today.

Adoption of the **ADC** Consensus Standard as the national **regulation** will immediately provide the diving industry with a safe and cost effective regulation that is already accepted by diving contractors.
