COMMENT

Professional Divers of New Orleans, Inc., as an active member of the Association of Diving Contractors wishes to encourage the U.S. Coast Guard to accept and implement the changes and revisions to 46 CFR 197 as submitted by the ADC.

The Association of Diving Contractors comments and recommendations, to be submitted directly by that organization in response to Questions 1 – 14 of ANPRM, Docket Ref: USCG- 1998-3786, have been carefully reviewed by Professional Divers of New Orleans, Inc. It is our opinion that the questions raised by the U.S. Coast Guard have been answered in a manner to promote greater safety in the commercial diving industry. We further believe that adoption and implementation of the ADC recommendations to be appropriate to current Coast Guard initiatives involving Partnering Through People and Industry.

It is also strongly recommended that the ADC Consensus Standards for Commercial Diving Operations, to be revised to reflect decisions made with regard to response to reference ANPRM, be, as a minimum, quoted in the resulting rulemaking document as a primary reference for the conduct of commercial diving. In fact, I would urge the U.S. Coast Guard to adopt the ADC Consensus Standards for Commercial Diving Operations as the U.S. National regulation.
