To whom it may concern,

I am writing to urge that you conclude all work on the 508 and 255 refresh by the end of this year. Surely seven years of work on the necessary guideline revisions is mor than long enough. The lack of access to information and communication cripples the efforts of the disability community to fully participate in society and be contributing citizens of this nation.

Sincerely,

DeAnna Noriega I Independent Living Specialist/Blind & Low Vision Services
