Comment

This proposed rule would require that all cranes that lessees or operators mount on any fixed platforms after the effective date of the final rule comply with the 7th edition of API Spec 2 C. Previous 30 CFR 250 documents used the term Installed. Why change the wording and what is the Meaning?

More words related to mounted

- adj. stable, unmoving
- anchored
- bolted (if unbolted the crane would not be mounted)
- fastened
- fixed
- immobile
- immovable
- screwed (ref Bolted)
- secured (ref Bolted)
- set

The prior 30 CFR referenced the term Installed.
