Summary of Meeting

The meeting was chaired by Mr. Keith Mowry from Underwriters Laboratories representing the ASTM F15 Committee.

Discussion focused on revisions to a working draft standard for bean bag chairs. Issues considered included performance requirements for zippers, if present, for durability testing, and for labeling.

A revised draft standard will be circulated to attendees for review. A letter ballot on the draft standard is tentatively scheduled for January 1996. A subcommittee meeting to review anticipated negatives will be scheduled for January or February 1996.
