★

**SUBJECT:** ASTM International subcommittee meeting on lead in children's vinyl products

**DATE OF MEETING:** April 29, 2008

**LOG ENTRY SOURCE:** Kristina Hatlelid

**DATE OF LOG ENTRY:** May 12, 2008

**LOCATION:** CPSC, Bethesda Towers, rm 410

**CPSC ATTENDEE(S):** Colin Church, David Cobb, Patty Davis, Arlene Flecha, Kristina Hatlelid, Joanna Matheson, Lori Saltzman

**NON-CPSC ATTENDEE(S):** Richard Ali, John Blair, Martn Bennett, Wendy Blumenthal, Mary Jean Brown, John Ciovacco, Lisa Clerici, Jim Eidson, John Gerringer, Bob Graman, HJ Hall, David Highfield, Meg Hughes, David Jacobs, Jason Kroskirty, Don Moffett, Len Morrissey, John Patterson, Karen Rauen, Judith Schreiber, Eric Tarnow, Darlene Watford, Rachael Weintraub

**SUMMARY OF MEETING:** This ASTM International meeting of subcommittee F15.62 discussed comments received on the subballot for the draft standard addressing lead in children's vinyl products. The subcommittee chairman provided a summary of all comments in each section of the draft standard and led the discussion of whether suggested changes should be incorporated into the draft. By a show of hands, participants voted on motions related to issues involving substantial changes to draft sections. CPSC staff abstained from any voting in accordance with CPSC regulations. Issues with significant discussion included proposed limits for lead in children's products, the types of products that should be covered by the standard, conformance labeling of products or packaging, and evaluation of the proposed test methods. The chairman will make the agreed upon changes to the draft and a ballot will be prepared for consideration by committee members. Concurrently, a plan for a formal laboratory evaluation of the test method will be established and coordinated by ASTM. Additional information, including the meeting minutes, may be requested from Len Morrissey, ASTM International (telephone: 610-832-9719).
