Emily,

Scott Cooper of ANSI forwarded the tentative plans for the ACUS/Chamber program on IBR and IRC that is scheduled tentatively for April 27th. Within the email to Scott you had indicated a need to identify a representative of the SDO community. I would like to offer our CEO, Dr. David Schutt. As you know, we are deeply involved with the IBR issue and the stance which DoT is taking. I believe Dr. Schutt would add great value to the discussion.

Good luck with developing the workshop. If I can be of assistance, please do not hesitate to contact me.

Tim
