Attachments: ANSI ACUS NIST Hill Event 06 07 13 rev2.pdf

I will be out of the office on Friday (AWS), but could call in if needed. Thursday would be preferable, but we have a staff counsel meeting from 11:00-12:00, so I will be unavailable then.

Subject: Minor edits to flyer on the June 7 Hill event

Hi Hill folks,

Here is a final(?) of the Hill flyer that reflects minor edits from George Arnold.

I will be on a WSD call at 11 today and will firm up the SDO attendance for the event.

Perhaps later this week we can have a short confcall?

Good times for me are: between 10-11:30 and 3-5 this Thursday (23^{rd}) and 10-11:30 on Friday (24^{th})

Best

Scott
