Subject: Incorporation by Reference

Good evening,

As you know, the Administrative Conference's Committee on Administration and Management held a public meeting on September 21 to consider a draft report on incorporation by reference in federal regulations. Since that time, we here at the Conference have been working to prepare a revised version of the draft report, along with a draft recommendation. These documents are now available on our website at:

<http://www.acus.gov/research/the-conference-current-projects/incorporation-by-reference/>

The Committee will meet to discuss the revised report and draft recommendations on Friday, October 28 from 9:30 am to 12:30 pm. To RSVP, please email Scott Rafferty, staff counsel to the committee, at srafferty@acus.gov, but please be aware that our space is limited, and we may not be able to accommodate everyone. We will, however, stream the meeting live on our website, and the video will be archived there for viewing after the meeting.

I strongly encourage you to submit comments on the draft report and recommendations to comments@acus.gov. We will share comments with our committee members and will post them on our website.

If you have more informal reactions to the revised draft report—i.e., you think there's additional material or issues it should consider, or you note that I've gotten something wrong—please email me and let me know! I expect to revise the report again before the completion of this project. The version currently available is a draft, and your help making it better is welcomed!

Please feel free to forward this message to other colleagues whom you think might be interested.

Thank you again for your participation in this study. I look forward to continuing to work with you as the committee works to come to a consensus on the recommendation. If, as this process continues, you have an questions, concerns, or comments, please do not hesitate to contact me!

All the best,

Emily Schleicher Bremer | Attorney Advisor
