---

Hi Megan,

Thanks for your email — I look forward to seeing the blog.

It has been my pleasure!

Cicely

Hi Cicely,

Emily is traveling hence why you haven't heard from her. Thank you SO much for sending us the interview and the permissions. We can't wait to get the hard copy as well. It was a pleasure working with you and we so appreciate you sending us the final copy!

Once Emily gets back and we post the blog, we will send that along as well!

Thanks,

Megan

Hi Emily,

Hope this finds you well --

I wanted to let you know that your ASTM Standardization News interview has been posted online and is available at [www.astm.org/standardization-news/provocative/standards-regulations-and-incorporation-by-reference-nd12.html](http://www.astm.org/standardization-news/provocative/standards-regulations-and-incorporation-by-reference-nd12.html).

I've included the permission again below for your convenience for posting online to your website.

Once we have received our box of copies of the issue, I will also be sending you complimentary copies for your files.

Thanks very much for your contribution!

Regards, Cicely

Dear Ms. Bremer,

This is in response to your request to Cecily concerning permission to post your interview for ASTM Standardization News on your website.

ASTM International grants permission to post the interview on your website provided the following conditions are met:

1. The interview is first published by ASTM International. (We expect to publish this online sometime next week.)

2. The following credit line is used: "Reprinted, with permission, from ASTM Standardization News, November/December 2012 issue, copyright ASTM International, 100 Barr Harbor Drive, West Conshohocken PA 19428."

Thank you for your contributions to ASTM Standardization News.

Kind regards,

Kathe

Cicely,

My apologies for not responding earlier—it's been a crazy week! This looks great, though!

One very minor thing is that there seems to be a semicolon missing on the second page, in the first full paragraph in the middle column, between "incorporating by reference" and "and 4) avoiding." Maybe that's intentional, but if not, I thought I'd bring it to your attention. Also, it looks as though the picture is a little pixilated. Is that an issue on our end? If the picture I sent you did not have a high enough resolution, please let us know, and we'll see if we can fix that.

**One other question: we would love to be able to blog about this and share the interview on our website. Would it be possible for us to post the PDF of the final interview or reprint the text? Please let us know if that's possible and, if so, whether there's anything we need to do to make it happen.**

Thanks again for inviting me to do this and for your help putting it all together. It really does look great!

Best,

Emily

Hi Emily,

I am unsure if you received the pdf of your interview for the Nov./Dec. ASTM Standardization News that I sent to you on Monday, so I am resending it now for your final check. I'd appreciate it if you would let us know as soon as possible if you have any concerns or changes.

My editor, Maryann Gorman, is cc'd on this email as I'll be out of the office starting tomorrow; I'd appreciate your response to her as well as to me.

We're really looking forward to having the interview in the magazine; thanks for contributing it!

Regards, Cicely

Cicely Enright
