LEGEND

In the ICC published versions, marginal markings are provided to distinguish between text that is part of the International Codes and text that is part of the state regulations. Double vertical lines in the margins within the body of the codes indicate state amendments to the International Codes. These margin rules are shown as **Text in Red** . As in the standard printings of the International Codes, a single vertical line in the margins within the body of the code indicates a technical change from the previous edition of the International Codes. These margin rules are shown as **Text in Blue** .

Legend for Change indicators

-  Text in Red, indicates state changes or deletions
-  Text in Blue, indicates ICC changes or deletions
