Hi Mark,

Hope you had a fun 4<sup>th</sup> of July weekend!

We have started to look at the contract language for the 2016 California Codes. By way of introduction, I have copied Kevin Day who will be managing the contract process for CBSC this time around. You may remember meeting Kevin at some point. He was in this office in the past and recently returned. He is very knowledgeable and a pleasure to work with.

I will continue to be in the contract loop assisting Kevin as necessary and will remain the primary contact for the publication review process. Needless to say, Mike and Jim will be overseeing each step along the way.

Please let us know your preferred next steps in moving forward with the contracts. In the meantime, we are updating the many exhibit/attachment documents to the contracts. And we have already started dialog with Dianna Hallmark concerning the 2016 cover artwork.

Regards,  
C
