Leann,

This is the email that I was referring to. It sounds like you have already addressed, correct?

Thanks!

Good morning Katrina, if you haven't already done so could you please provide Bruce Betts with Mark Johnson's phone number and email (see below)? Also, Dave Walls emailed me requesting a status update on the ICC contracts. Would you, Leann, or Cynthia be able to follow up with him in my absence?

Hi Kevin,

When you have a chance could you please forward the contact information (email & phone number) for Mark Johnson of ICC. The SOW only lists his address and fax. Thanks!

Good morning Bruce,

I hope all is well. Attached to this email are the two contracts between the International Code Council (ICC) and the Building Standards Commission (first contract covers Parts 2, 2.5, 9, 10; second contract covers Parts 1, 6, 8, 11, 12). I apologize for the delay. I just wanted to confirm that you will be sending the final versions of these contracts directly to Mark Johnson (ICC), then follow up with us shortly thereafter.

Thanks,

Kevin Day

Hello Bruce,

First off our apologizes, with the holidays, our triennial code cycle and some unfortunate family matters, we have been stretched quite thin. Our goal is to have the first 2 ICC SOW back to you today, or at least COB Monday January 4th.

Thank you for your consideration.

Hi Katrina,

Bruce Betts just emailed to check the status of the ICC contracts (see below). Would you or Leann be able to respond to him in my absence?

Good morning Kevin,

Just a note to check in and ask how the review of the SOW is coming along. Happy New Year!

Hi Kevin,

I updated the SOW per our discussion this morning (and used the track changes function). There are a couple of highlighted areas that CBSC will need to fill in – the format for the “sales report” and the date that the publication front matter will be completed by. I also added information in para I.1.e. that references us attaching the Code Adoption Cycle as attachment F. Since this is a PDF file, once we finalize the document we can attach the PDF. Please let me know if there is anything else that I need to do with this. Once I receive it back from you I will put the package together and forward it to ICC for signature. Have a great afternoon!

LEGEND

In the ICC published versions, marginal markings are provided to distinguish between text that is part of the International Codes and text that is part of the state regulations. Double vertical lines in the margins within the body of the codes indicate state amendments to the International Codes. These margin rules are shown as **Text in Red**. As in the standard printings of the International Codes, a single vertical line in the margins within the body of the code indicates a technical change from the previous edition of the International Codes. These margin rules are shown as **Text in Blue**.

Legend for Change Indicators

Text in Red indicates state changes or deletions.

Text in Blue indicates ICC changes or deletions.
