Hi Bruce:

Our legal counsel got back to us late yesterday afternoon and we had two small changes. They had to do with the same sections. As opposed to listing out the sections of the Existing Building Code the State would like to use, we replaced it simply read the 2015 IEBC, similar to the other codes in that paragraph.

On the copyright pages, we put "2016 California Building (or Fire or Residential, etc) Code" before "First Printing."

I have attached the corrected document.

If you have any questions, please let me know.

Thank you.
