Hi Cynthia,

Our estimated time is three weeks to bookmark the PDF. Then, the PDF will go to our vendor to prep the file to be posted for free access. Once that is done then internally we will send you the link for posting, and send you the PDF for distribution.

We are also working to convert the files to Word for your next revision. The bookmarking and conversion to Word are happening at the same time. Lots of pieces to juggle.

I will keep you posted.

Best regards,

Debra

Hi Deb,

Do you have an ETA on when the online version of the 2016 CEC will be available?

Thanks!

Hi Cynthia,

I will create a PDF for you once I've receive the files from BNi and they are posted to our website. I will get back to you on an estimated time of delivery. The PDF will be watermarked with Jim McGowan, Executive Director as the designated user. Please let me know if you want someone else's name to appear. You will be able to copy the PDF but not remove the watermark. You will be able to distribute the file to the appropriate agencies, which can copy the PDF. The file will always carry the watermark of Jim McGowan, Executive Director, which will look like the sample below.

## **Personalize PDF**

Purchaser **\*Required**

Designated User **\*Required**

Your PDF will be watermarked with the following text when you click 'Accept'.

Copyright 2016 National Fire Protection Association (NFPA). Licensed, by agreement, for individual use and download on June 29, 2016 to Debra Rose for designated user **Jim McGowan, Executive Director**. No other reproduction or transmission in any form permitted without written permission of NFPA. For

inquiries or to report unauthorized use, contact [licensing@nfpa.org](mailto:licensing@nfpa.org). This NFCSS All Access subscription expires on December 31, 2050.

Please let me know if you want to change the designated user.

Also, we will prepare a link for online access to the CEC 2016 edition. But, again I have to wait for BNi to send the file to me, then the file still needs to be hyperlinked and uploaded. I will get back to you on an estimated time of delivery.

Best regards,

Debra

Hi Deb,

Please see the email that follows concerning the new 2016 California code. John Moore at BNi is handling the hard copy shipping and distribution of the new California Electrical Code. However, could you review the questions concerning the electronic versions/access and advise?

Thank you!

Cynthia

Good morning,

I will be forwarding the master state agency shipping information for the new California codes today. Please confirm who should receive the shipping information on your end.

Many of the state agencies are asking for electronic versions of the codes as well as hard copies. Can you please advise how your specific electronic access will work? For example, will individuals and/or agencies be provided with disk or an online link and/or individual passwords to access searchable, downloadable, printable parts of the code? Will both PC and Mac users be able to easily access? Additionally, please provide an ETA regarding availability of the electronic versions.

And lastly, please let me know what you need from me in order to fulfill the electronic requests. The list I forward today will include electronic versions but it is primarily intended for shipping the hard copies ASAP.

Thank you in advance for your prompt attention to this request!

Sincerely,

Cynthia
