Katrina, the federal tax ID number for IAPMO is 041653093. Now we're just waiting on NFPA's response.

Hi Bill and Deb,

I hope all is well. Per Cynthia's email below, I will be helping out with the publication agreement for the forthcoming triennial code adoption. I'm a bit new to this process and look forward to working with you in the coming weeks. In the meantime, we are working with the Procurement Division of the Department of General Services, which has asked us to provide the federal tax ID number for each code publisher (for purposes of the Non-Competitively Bid contract documentation). When you have a moment, could you please provide the federal tax ID number for the NFPA?

Kevin Day

Subject: 2016 California Electrical Code

Dear Bill and Deb,

Hope you had a fun 4th of July weekend!

We have started to look at the contract language for the 2016 California Electrical Code, which has a publication date of July 1, 2016. By way of introduction, I have copied Kevin Day who will be managing the contract process for CBSC this time around.

I will continue to be in the contract loop assisting Kevin as necessary and will remain the primary contact for the publication review process with Bill. Needless to say, Mike and Jim will be overseeing the entire process along the way.

Please let us know your preferred next steps in moving forward with the contract. In the meantime, we are updating the many exhibit/attachment documents to the agreement and we have already started dialog with ICC concerning the 2016 cover artwork.

Regards,
C
