Hi Kevin,

Sorry for the delay. I would like to assign this to an analyst to review and eventually process the contract.

Bruce Betts will be contacting you.

Thanks,

Hi Laura,

Apologies for the delay in response. Attached to this email is a draft Statement of Work for the first of four publication agreements we will be sending to you (the PDF is a scan of Attachment I, which we cannot duplicate in Word). Would it be possible for you to review this draft agreement to make sure it meets OBAS criteria and provide appropriate feedback? That way we can update the draft agreement accordingly, as well as the other 12/17/2016

Page 2 three agreements, and formally submit them with the Contract Request Form, G.C. 19130 justification, and Mission Critical statement.

Once again, we appreciate your guidance with this.

Sincerely,

Kevin Day

Hi Katrina,

This could be done with just the CRF form through the CMS inbox so ABMS won't be necessary. We'd accept it through the module, but we'd end up having to cancel the requisition since no funds are involved.

I would appreciate if Leann could help me take the provisions the contractor wants us to agree to (from either the new or previous agreements) and insert them into a State contract template. It would be mostly copy/pasting and formatting, but we'll also need to make sure the description of the work they're agreeing to do is thorough enough to protect the State, so having someone who knows the program would be appreciated. Once we have it, we can use it for future years, so this would be a one time OBAS/BSC endeavor. Here are the links to the forms on our website. Additionally, I've started the SOW with just some thoughts off the top of my head. As you can see, we would need input as to what the contractor does.

We will need Leann to input this information into ABMS for us, but you will be working with Kevin Day and me for the "guts" of the contracts.

Do we need to submit the other previous years contracts to you for review? Or should we wait until the publishing companies get us the new versions?

FYI – we still need to get a couple of tax id numbers for the NCB's to be completed.

Hi Katrina,

I checked with OLS and they do require a complete contract (213 and exhibits) for this zero dollar procurement. Program will need to submit a CRF and scope to OBAS once the NCB is approved. We could start working on this now in confidence the NCB will be approved. Should I be working with Leann on that?

Thanks, Laura

Hi Katrina,
I picked these up and walked them over to the person in PD that reviews and approves. Once they approve, we would be able to start working on issuing the contracts.
Let me know if you have additional questions or want to talk about the process.
Thanks,

These are the final drafts that the two ICC executed agreements were based on. Note that they include mark-ups throughout, and that all of the exhibits require updating on our end.
