Hi Kevin,

I updated the SOW per our discussion this morning (and used the track changes function). There are a couple of highlighted areas that CBSC will need to fill in – the format for the “sales report” and the date that the publication front matter will be completed by. I also added information in para I.1.e. that references us attaching the Code Adoption Cycle as attachment F. Since this is a PDF file, once we finalize the document we can attach the PDF. Please let me know if there is anything else that I need to do with this. Once I receive it back from you I will put the package together and forward it to ICC for signature. Have a great afternoon!
