Good morning Bruce,

I hope all is well. Attached to this email are the two contracts between the International Code Council (ICC) and the Building Standards Commission (first contract covers Parts 2, 2.5, 9, 10; second contract covers Parts 1, 6, 8, 11, 12). I apologize for the delay. I just wanted to confirm that you will be sending the final versions of these contracts directly to Mark Johnson (ICC), then follow up with us shortly thereafter.

Thanks,

Kevin Day

Hello Bruce,

First off our apologizes, with the holidays, our triennial code cycle and some unfortunate family matters, we have been stretched quite thin. Our goal is to have the first 2 ICC SOW back to you today, or at least COB Monday January 4th.

Thank you for your consideration.

Hi Katrina,

Bruce Betts just emailed to check the status of the ICC contracts (see below). Would you or Leann be able to respond to him in my absence?

Hi Kevin,

I updated the SOW per our discussion this morning (and used the track changes function). There are a couple of highlighted areas that CBSC will need to fill in – the format for the “sales report” and the date that the publication front matter will be completed by. I also added information in para I.1.e. that references us attaching the Code Adoption Cycle as attachment F. Since this is a PDF file, once we finalize the document we can attach the PDF. Please let me know if there is anything else that I need to do with this. Once I receive it back from you I will put the package together and forward it to ICC for signature. Have a great afternoon!
