No worries...

We need a version **without** the *Conserve to Preserve* banner; can you send that?

Here you go.

Sorry, for the delay. I got pulled into the State Architect's Office yesterday and had a meeting first thing this am.

Thank you...

Can you send it without the banner and bookmark additions? We just need the green state...

Mariah,

We're working on a couple of things here and could use a clean copy of the green state file. Could you send it to me?

Thanks,

C

LEGEND

In the ICC published versions, marginal markings are provided to distinguish between text that is part of the International Codes and text that is part of the state regulations. Double vertical lines in the margins within the body of the codes indicate state amendments to the International Codes. These margin rules are shown as **Text in Red** . As in the standard printings of the International Codes, a single vertical line in the margins within the body of the code indicates a technical change from the previous edition of the International Codes. These margin rules are shown as **Text in Blue** .
