Subject: RE: Updated NFPA scope of work

I don't believe the term of the agreement can exceed the term of the NCB. The NCB ends on Dec 2019. A four year term would exceed the NCB by 4 months. I believe when OBAS suggested a four year term, it was related to the ICC agreement and that was in Dec 2015. At that time a four year term was feasible and would not exceed the NCB. Let me know what you would like to do.

Hi Bruce,

OBAS had suggested we set the Term to four years so that there would be overlap between the contracts and the NCBs. We would like to keep the term at 4 years.

Thank you,

Leann de la Motte

Great – I will work on this and finishing up the IAPMO agreement this week. The term is currently listed as four years. I will adjust those to match up with the term of the NCBs which both end on 12/31/2019. The term will look something like:

1. TERM

The term of this agreement is May 1, 2016 through December 31, 2019 (44 Months).

Thanks Leann!

Hi Bruce, I went through and updated the SOW for the NFPA contract. Please take a look and let me know if you have any comments or concerns.

Thank you!
