Hi Leann,

Just to confirm our discussion from the conference call, these are the versions of the agreements that I will be sending to NFPA & IAPMO tomorrow. I also want to confirm that the vendor's contract administrator listed in the agreements are correct. That is the POC I will be working with. Thank you!

Subject: NFPA & IAPMO Agreements

Good morning Leann,

As discussed on our conference call Monday, I have attached the final versions of the NFPA and IAPMO agreements. Please confirm that it is ok to send these agreements to the contractors. Also, please verify that the contractor's contract administrator listed on page 2 of the agreements is the correct POC. This is who I will be contacting for review and gathering of the required documents. Thanks!
