

United States Department of the Interior
BUREAU OF SAFETY AND ENVIRONMENTAL ENFORCEMENT
WASHINGTON, DC 20240-0001

In Reply Refer To:
Mail Stop VAE-BSEE-FOIA

July 29, 2015

Mr. Carl Malamud
President & CEO
Public.Resource.org
1005 Gravenstein Highway North
Sebastopol, California 95472

Dear Mr. Malamud:

The Bureau of Safety and Environmental Enforcement (BSEE) FOIA office received your Freedom of Information Act (FOIA) request, on June 8, 2015 and assigned it control number **BSEE-2015-00199**. Please cite this number in any future communications with our office regarding your request. In your request you are seeking the following records:

“All communications that BSEE had with the American Petroleum Institute (API) discussing making API standards available for public viewing during either the NPRM period or after a rule is promulgated.”

We are writing today to respond to your request on behalf of the BSEE.

We have enclosed one file consisting of 28 pages, which are being released to you in their entirety.

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of FOIA. *See* [5 U.S.C. 552\(c\)](#). This response is limited to those records that are subject to the requirements of FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

The 2007 FOIA amendments created the Office of Government Information Services (OGIS) to offer mediation services to resolve disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. Using OGIS services does not affect your right to pursue litigation. You may contact OGIS in any of the following ways:

Office of Government Information Services
National Archives and Records Administration
8601 Adelphi Road - OGIS

College Park, MD 20740-6001
E-mail: ogis@nara.gov
Web: <https://ogis.archives.gov>
Telephone: 202-741-5770
Fax: 202-741-5769
Toll-free: 1-877-684-6448

Please note that using OGIS services does not affect the timing of filing an appeal with the Department's FOIA & Privacy Act Appeals Officer.

We do not bill requesters for FOIA processing fees when their fees are less than \$50.00, because the cost of collection would be greater than the fee collected. *See* [43 C.F.R. § 2.49\(a\)\(1\)](#). Therefore, there is no billable fee for the processing of this request.

If you have any questions concerning your request, please contact me at BSEEOFIA@bsee.gov.

Sincerely,

/s/Ashley Rychak
Ashley Rychak

Roland and Danielle,

As you likely know, API 16C and API 16A are referenced in our proposed BOP rule. I have had questions about the availability to view these two documents under the government cited documents link on the API website. I realize the rule is not finalized yet, but was wondering if (and if so when) you plan to make those available for public viewing.

Hi Christy,

Thanks for your email! Could you please be more specific as to the editions of each publication that will be referenced in the upcoming BOP rule?

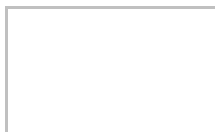

I look forward to hearing from you soon!

Best,

Danielle

Great, thanks! Yes, we have a special area on our Government Cited and Safety Documents site that we can place the publications, IBR Under Consideration. Once the rule has passed and is final we will move the publications under their respective areas.

I will upload them today and send you a confirmation once available.

Great, thanks! Yes, we have a special area on our Government Cited and Safety Documents site that we can place the publications, IBR Under Consideration. Once the rule has passed and is final we will move the publications under their respective areas.

I will upload them today and send you a confirmation once available.
