Is earlier NFPA study available?

If not, why was study done?

Distribution across city size, but where is most of the population

What about non city population? County Township etc

In my county less than 40% of the population live in cities

Most of nightclubs are not within city limits

2003 versus 2005 influence of the event vs NIST report

Tables B and C incorporate or consider numbers in each category, but the numbers are not specifically identified...

Distribution of fire departments into bins would be helpful

City > 50,000 only about 3.5% of cities

Percent of population >50k 50%

What about multiple fire departments within a single city?

Montgomery County MD 1,004,709 Rockville 63,244 Gaithersburg, 62794 12% in cities

Scott Adams
Ralph Gerdes
Harold Hansen
Greg Miller
Kelly Nicoello
Jeff Tubbs
Carl Wren
Rita Fahy

Amanda Kimball

Kelly – lack of standard definition of Nightclub

NFPA – nomenclature; nightclub and disco clubs

IBC – square footage, McDonalds could qualify

John Hall - thank you for bringing up this important point, a few observations

Marginal

Page 19 implementation involves communities, not fire departments, although fire departments may do the reporting....

What about other disasters.....
