**Attachments:** NCST The Station Pilot - Task 2 3-31-14 with Comments Included.docx

All,

I am still working on pulling together the draft final report, but I am sending the revised Task 2 report out to you so I can collect the final comments related to this report ahead of the call. John has made revisions based on the comments received on the first draft. Please provide your final comments on the attached Task 2 report by Friday, April 18<sup>th</sup>. We can then discuss them on the conference call on the 25<sup>th</sup>. I will send along the whole draft report soon.

Thanks,  
Amanda

**Subject:** NCST Recommendation Impact Pilot Study

Panel Members,

I would like to set up a Panel teleconference to review the draft report in mid-April (ahead of John's retirement at the end of April). The draft report will include a revised Task 2 report (based on comments received from the Panel) and draft Task 3 and 4 reports. The draft report will be circulated next week. Please fill in your availability in the following scheduling poll by Friday, April 4<sup>th</sup>: <https://researchfoundation.doodle.com/yibhg7fty7bfqzhz>.

Thank you,  
Amanda
