Andy

I wanted to know about 189.1 so I asked three other people – here's what I tracked down.

Besides what Doug mentioned, Toronto is the only jurisdiction I've even heard rumblings of 189.1 adoption – and that hasn't been confirmed in any form or fashion.

Not that I am aware of...but the use of 189 by DOD is inevitable given the recent NRC report and approps language..Doug

Doug Read, Director of Government Affairs

Subject: ASHRAE 189.1 and DoD, GSA

Guys

Do we know if 189.1 has been adopted in any capacity, officially, by DoD or GSA?

Gracias. I think the answer....is no? But wanted to make sure.
