RE: Case No. 34-2021-80003612-CU-WM-GDS (Public.Resource.Org, Inc. v. OAL, et al)

Dear Honorable Judge Gevercer:

Enclosed, please find a Proposed Order and Proposed Judgment as requested by this Court in its Tentative Ruling. Petitioner recommended additional language be added to the judgment to clarify how the Judgment does or does not apply to Respondent BSC. Respondent OAL did not agree that the additional language was necessary and declined to make the addition. Enclosed is correspondence between Respondents' Counsel and Petitioner's Counsel which more fully expresses each parties' position regarding the language of the Judgment.

Sincerely,

A handwritten signature in cursive script that reads "Laura A. Randles-Little".
