You are very welcome. It really is my pleasure to help shine the light of truth on important issues when I can. If I can ask, what did you think of the article? I ask because I would value the critique of someone who has written books and maintained a series of sites for so long. I have thick skin and want to improve where I can, so please be honest.

Radix Libertatem,
C. Mitchell Shaw

I saw it this morning.

Thanks much!
