You'd be shocked at how efficient I am by email, but I'd be happy to take the call.

Hey Carl,

Thanks. I'll actually give you a call in about 20 minutes. I think it will be more efficient than you answering by email.

I'm confused ... you asked "why you think people deserve access to court docs" ... you know this is about the law, not court filings?

Have you seen the letters that have been exchanged between Georgia and myself?

Also, the court docket is here in case you haven't seen it:

My congressional testimony on Edicts of Government, including a discussion of Georgia, is here:

We had a similar showdown with Oregon but no court case. They did the right thing and held hearings and then decided that the law belongs to the people.

I have to run out to a doctor's appointment will be back in an hour or so. Would be happy to talk.

Hi Carl,

I'm writing a piece for Courthouse News re. your case with the State of Georgia. Would you like to comment? Perhaps on government officials calling your efforts a form of terrorism/piracy? Or why you think people deserve access to court docs?

Please feel free to email me or call my cell at (908) 642-4619. I'm trying to submit the story by tomorrow morning.

Thanks Carl!
