Hi John –

Appreciate the offer. I have representation. But, perhaps you know a group in Georgia that might want to think of an amicus at some point in the future?

Best,

Carl

Dear Carl,

I am knee deep in a pro bono copyright lawsuit already in Atlanta.

But, if you're interested in some help on this OCGA nonsense, I am renewing my offer. Let me know if there is any way I can help.

Take care and keep doing great things.

Sincerely,

Dear Carl,

I know you have your people, but if you ever need local counsel I am based out of Atlanta. I actually have done a bit of research on this topic and was hoping to do a survey of laws on this issue.

As for Georgia's letter—even if Resource.org's actions count as infringement, Georgia isn't the proper party.
