Hi Ilana,

I wanted to touch base with you about the Idaho Code project. In the way of timing, registration for Spring classes opens for my students on November 10th. They'll need to know by then whether there's a for-credit project for them to do. I know that's close in time to the election, so I thought I should flag it for planning purposes. I know we talked about your writing a letter to formally invite me and my students (and, by extension, the College) to become involved, and I continue to think that's the best way to initiate things on our end.

All the best,

Annemarie
