The students – two very good ones – are on board. Let's touch base again soon about how we would like this to unfold. Later this week?

Hi Annemarie -

You can tweak the scheduling if you want. For example, if it's too late to sign up a reasonably-sized batch of students for this semester, we can maybe see if one or two want to do some prep work this term as directed study and then this summer we do the more extended circus.

Or, students could try and do some term papers on the general topic (I'm more than happy to help, there are some other folks like Peter Martin they could interact with it's actually a nice offer for a couple of bright students who might want to reach out).

Let's figure out how to salvage this thing ... I think there is great promise when a state legislator, even a very junior minority party legislator, is willing to lend credence to an analysis of why policy is perhaps broken. Students get to put that they did some important work commissioned by the legislature on their resume as well. I don't care how long it takes, I'm more interested in seeing that the work somehow get underway.

Carl

OK. I'm about to leave town and don't want to leave you hanging while I'm out, so maybe I'll just go ahead and mail this to you now, and if you choose not to run with it that's fine, but you'll have it in hand if it's useful.

Let me see where the students are in their thinking about this.

Thanks, both of you. It was quite a slog and am glad to have the campaign behind me, and am back at work for a couple of months. I have the letter here drafted and ready to go, except am waiting to hear back from Luke

Malek on whether he wants to co-sign. If you need it right away, I can just sign and send as-is. Let me know. Thanks.

Congratulations, Ilana!! A rare win for a Dem in Idaho. Let me know if you'd like to proceed with this. If so, I'll need to reach out again to the students ASAP to check their plans.

Ilana ... you rock! 63%!! Congratulations.

Are we going to do the Idaho code? I'd love to see it happen.

I think we're going to be able to clear title on the Delaware code (they have a 3 month jail term on the books for unauthorized copying!!), but the incoming Attorney General aware of this and we sent him a book, I think he's going to get the provision stricken.

Would love to see Idaho resolve itself as well.

Congrats again. That's a pretty decisive mandate.

Hi Ilana,

I wanted to touch base with you about the Idaho Code project. In the way of timing, registration for Spring classes opens for my students on November 10th. They'll need to know by then whether there's a for-credit project for them to do. I know that's close in time to the election, so I thought I should flag it for planning purposes. I know we talked about your writing a letter to formally invite me and my students (and, by extension, the College) to become involved, and I continue to think that's the best way to initiate things on our end.

All the best,

Annemarie
