8's OK. I have plenty of writing to do, so it's good for me to get into the office early.

All call you.

I can help the students put this one together. This won't be hard to get it all set up, then when it comes time for meetings with the legislature, it will be lots of fun.

If 8 is a big hassle for you, I can figure out how to do 4pm. Otherwise, will call your office at 8i. (I can call you later than 8 if you want as well no big deal. I'll just be standing around for 45 minutes at the mechanics.)

Any earlier than 8 would probably kill me. So, let's make it 8. Do, please, keep me to task on this (within reason); I'm way over-committed.

My office phone is (208) 885-7056.

omg. twice is too much! :)

sure, what time is good for you thursday am? I'm bringing my jeep in for an oil change at 8am so I'll be standing around shivering at the garage, but I know they have cell coverage there. That would be easy. (That early enough?)

I'm doing stuff late afternoon Thursday.

How about your Friday morning? I'm clear Friday until 2.

you got time to talk weds or thursday?

I'm pretty sure two clever students is all it will take to get this over the wall. I think they need to do a few interviews and some reading, then prepare a report, then present the report to legislators. It's a nice straightforward path. It might be as simple as a private meeting with just Ilana and maybe a few others all the way up to a full-fledged hearing with legislative action. Either way, the students get to do something fun.

Hi Annemarie -

You can tweak the scheduling if you want. For example, if it's too late to sign up a reasonably-sized batch of students for this semester, we can maybe see if one or two want to do some prep work this term as directed study and then this summer we do the more extended circus.

Or, students could try and do some term papers on the general topic (I'm more than happy to help, there are some other folks like Peter Martin they could interact with it's actually a nice offer for a couple of bright students who might want to reach out).

Let's figure out how to salvage this thing ... I think there is great promise when a state legislator, even a very junior minority party legislator, is willing to lend credence to an analysis of why policy is perhaps broken. Students get to put that they did some important work commissioned by the legislature on their resume as well. I don't care how long it takes, I'm more interested in seeing that the work somehow get underway.

Carl

OK. I'm about to leave
town and don't want to
leave you hanging while
I'm out, so maybe I'll just
go ahead and mail this to
you now, and if you
choose not to run with it
that's fine, but you'll have
it in hand if it's useful.

Thanks, both of you. It was quite a slog and am glad to have the campaign behind me, and am back at work for a couple of months. I have the letter here drafted and ready to go, except am waiting to hear back from Luke Malek on whether he wants to co-sign. If you need it right away, I can just sign and send as-is. Let me know. Thanks.

Congratulations, Ilana!! A rare win for a Dem in Idaho. Let me know if you'd like

to proceed with
this. If so, I'll
need to reach out
again to the
students ASAP to
check their plans.

Ilana ...
you rock!
63%!!
Congratulations.

Are we
going to
do the
Idaho
code? I'd
love to
see it
happen.

I think
we're
going to
be able to
clear title
on the
Delaware
code
(they
have a 3
month
jail term
on the
books for
unauthorized
copying!!),
but the
incoming
Attorney
General
aware of
this and
we sent

him a
book, I
think he's
going to
get the
provision
stricken.

Would
love to
see Idaho
resolve
itself as
well.

Congrats
again.
That's a
pretty
decisive
mandate.
